CHALLENGES

A. Constitution of Communities.

Some communities are small to be formative communities. This is because most of the sisters are being sent for studies. This bring difficulties when sending the sisters of temporary vowsto these communities.

B. Insufficient Personnel.

There are few sisters to meet the needs of the people in our mission as many sisters are being formed to answer to thesen eeds in the near future and also due tothe health of the sisters.

C. Not ready to take up responsibilities

Due to age- gap many young sisters seem not to be ready to take up responsibilities due to lack of belief in themselves. There is need to empower them so that they can be ready to take up responsibilities.

D. Lack of space in the formation houses.

We have experience an increase in vocations that we receive and the formation houses are small to accommodate them. This is because of the intensive vocation promotion that has been done in the country by the vocation team.
